

Montážní návod - vana CONSTANTA LUX a EXTRA

CONSTANTA EXTRA

CONSTANTA LUX

Potřebné nářadí pro montáž (není přiloženo) :

vodováha

**Veškeré rozvody vody, odpad musí být nainstalovány v podlaze.
Vanu nelze osadit vanovou zástěnou.**

1. Nohy jsou předmontovány z výroby, vyčnívají z vany 4-5 mm. Pro kontrolu postavte vanu vzhůru nohama.

2. Přezkoušejte pomocí vodováhy jestli vana stojí rovně. Utěsněte silikonem.

Assembly Instructions - Bathtubs CONSTANTA LUX and EXTRA

CONSTANTA EXTRA

CONSTANTA LUX

Tools required for the assembly (not delivered) :

Spirit level

1. The support feet are factory-assembled and they protrude 4-5mm above the bathtub. To check them turn the bathtub upside down.

2. Apply silicone sealant.
Check that the bath is level using a spirit level.

All water supply and drainage pipes should be laid under floor.
You cannot use a bathtub screen for your bathtub.

Montageanleitung - Badewannen CONSTANTA LUX und EXTRA

CONSTANTA EXTRA

CONSTANTA LUX

Erforderliche Montagewerkzeuge (nicht beigelegt):

Wasserwaage

1. Die Standfüße sind werkseitig vormontiert und sie ragen 4-5 mm aus der Badewanne heraus. Drehen Sie zur Kontrolle die Badewanne auf den Kopf.

2. Prüfen Sie mit der Wasserwaage ob die Wanne waagrecht steht. Mit Silikon abdichten.

Sämtliche Wasserleitungen und Abfallrohre müssen im Fußboden verlegt werden. Die Badewanne kann nicht mit einer Abtrennung versehen werden.
